Track

The track is an artificial refrigerated indoor ice surface with the measures of 30 by 60 meters, protected by padding covers on the boards. The standard lap has a distance of 111,12 meters with a curve radius of 8,50 meters. There will be 7 markers used to establish the curve. The length of the straight line is 28,85 m. The whole original track can be moved in two directions by adjusting the curve markers to preserve good ice conditions at every race. One finish line will be used for all races.

Award of prizes

There will be prizes for the first, second and the third place in the final results for each category - ladies and men. During the award ceremonies the skaters are pleased to wear their club or national track suits.

Medical assistance

A doctor and paramedical staff will be present at each competition day. The distance to the next hospital is approximately 3 kilometers.

Medical insurance

On behalf of its participating club, each athlete is responsible to ensure its own medical and accident insurance. A proof of each insurance will be requested by the organizing committee. For further informations see rule 119.

Liability

In accordance with rule 119, due to this competition the organization committee is not responsible and liable for any medical or personal injury, property loss or sustained damage.
