

International Meudon Junior Cup Shorttrack Speedskating

Meudon, 5 & 6 April 2008

Municipality of Meudon
Fédération Française des Sports de Glace
Association Sportive Meudonnaise club de la forêt Vitesse

avec
le soutien
de la Ville de Meudon

On the 5th and 6th of April 2008 the Association Sportive Meudonn club de la forêt Vitesse, under

auspices of the Federation Francaise des Sports de Glace, will organize the

International Meudon Junior Cup Shorttrack Speedskating

The competition is held under the all-final system, so all skaters will skate finals and will score points for the individual classification. Electronic timing and fotofinish-equipment is used and also good safety-padding is available. On Sunday after the competition an award-presentation is held.

The competition will take place in accordance with the **2006** regulations of the International Skating Union and additional rules stated in this announcement. Skaters can only compete in clubteams and not in national teams. The following age-categories (on the 1st of July 2007) are allowed to compete:

Juniors F :	born after 30/06/98
Juniors E :	born beteen 01/07/1996 and 30/06/1998
Juniors-D:	born between 01/07/1994 and 30/06/1996
Juniors-C:	born between 01/07/1992 and 30/06/1994
Juniors-B:	born between 01/07/1990 and 30/06/1992

It is not possible to outclass somebody unless for the relay.

Limit-times

As a to big number of skaters will create too less skating for the competitors the organising committee preserves the right to reduce the number of entered sakters, based on the level of the skaters and the order of entry.

If there are less than 12 skaters in an age-category, there will be a grouping of age-categories and sexes but for the final classification the skaters will be in their origin category. The awards will be given by category and by sex.

<u>Category</u>	<u>333 meter</u>	<u>500 meter</u>
Girls F	-	
Boys F	-	
Girls E	1.02	
Boys E	1.00	
Girls Juniors-D		1.09
Boys Juniors-D		1.03
Girls Juniors-C		1.04
Boys Juniors-C		1.01
Girls Juniors-B		1.01
Boys Juniors-B		0.58

Icerink

The Meudon icerink has an artificial indoor surface of 56 x 26 meter. An standard track of 111,12 m by the lap with a measuring curve of 8 metre radius will be laid out. There will be 3 tracks which are spaced out 1 metre apart.

Distances:

The individual part of the competition will be held over two distances and a third distance only as one final. The competition is runned under the "all-final system" what means that all skaters will skate finals.

1st-dist . 2nd dist. Super-final relay

Juniors E & F	500m	333m	500 m	2000m
Juniors-D	500m	500m	1000m	2000m
Juniors-C	1000m	500m	1000m	3000m
Juniors-B	1000m	500m	1500m	3000m

The composition of the heats of the first distance will be made based on the best season times stated in the entry-forms. The composition of the heats of the second distance will be made based on the results of the first distance.

Points

Final-points are awarded in group 1 finals according to the ISU Rules. The six best skaters with final-points after two distances and the ties in points will skate a super-final.

Only for the club classification the skaters receive for each distance, but not for the super final, competition points : 50 points, 48, 46, 45, etc... (according to the number of skaters).

Relay

The relay-program is similar to the individual program. The composition of the teams must be handed over to the competitors-steward one hour before the beginning of the relay. The relays skating on 2000 m (Junior D and E) are composed of teams of three skaters and these on 3000 m of four skaters (Junior C and B).

Skaters are allowed to compete in a higher age-category but not in a younger one, girls are allowed to complete a boys-team and boys a girl-team. The outclass is authorized but not the double outclass. The relay-points for the final are: 50, 40, 30, 20 and 10 points. Combination-teams of more than one club are allowed but they score not any point.

Individual- and club-classification

The individual classification will be made according to the ISU 295-8 regulation.

The club-classification will be based upon the total of the competition points of the best four skaters per club plus the points of the best relay-team of that club. In case of a tie in points the result of the relay-final will decide.

Warnings and disqualifications

Because the "All-final system" is used, some additional rules are necessary. In case of a disqualification the skater will be placed last in that certain race and will qualify for a lower group and the fastest race-winner of the lower group will replace this skater in the next round. For disqualification in a final the skater will be ranked last in this final. In this case he will receive one point less than the number of points of the last place in that final.

Awards and memento's

For the individual classification after three distances there are awards for the 1st, 2nd and 3rd placed skater of every age-category. For the club-classification there are awards for the three first clubteam. All skaters will receive a nice memento of the International Meudon Junior Cup.

Time-schedule

Saturday :

13.30	warming-up
14.00	start of competition
20.30	end of 1 st day

Sunday :
