Mr. Gérard Gautun, General Secretary

ISU Communication No. 1410 – Errors in Entry Quotas per Distance

Dear Mr. Gautun,

Reference is made to the above-mentioned ISU Communication published on August 10, 2006. It has been recently noticed that errors have inadvertently appeared in the calculation of the entry quotas per distance. As a consequence for France the following entry quota has been revised:

Men 5000/10 000 meters, entry quota: **2** (not 3)

We sincerely apologize for this problem and hope this will not create any problems. We will do our utmost to avoid similar problems in the future.

We thank you for your understanding.

Kind regards,

Fabrice Prahin
Administrative Assistant Speed Skating
